1. Consider Fiscal Year 2019-2020 Mid-year Budget.

Director of Finance Shannon presented the Fiscal Year 2019-2020 Mid-Year Budget PowerPoint presentation. He identified staff's recommendations as follows:

Finance Director Shannon reported that the General Fund was projected to end Fiscal Year 2019-2020 with revenues over expenditures of approximately \$1,800,000. He noted that these projections were made prior to the COVID-19 pandemic. He stated that staff estimated General Fund revenues would close approximately \$1,650,000 more than the adopted budget, attributing to property tax, sales tax, and transaction tax exceeding their budgets. He reviewed the General Fund one-time revenues. He stated that staff anticipated the General Fund expenses to end the fiscal year at or below the expenditure budget. He briefly reviewed the 16-year forecast, future challenges, various capital projects and their funding, staffing levels, the General Fund support for special events and facilities leases, and the enacted and potential solutions.

City Council discussion included: budget impacts due to the COVID-19; business closures, and safety of results as a result of COVID-19 pandemic; California Public Employee Retirement System (CalPERS) pension liabilities; \$1 annual lease to the La Habra U.S. Postal Service; facility lease charges for state preschool programs; storm drain improvement projects; and General Fund funding sources including the gasoline tax, Measure M2, and state grants.

City Manager/Executive Director Sadro stated that the current data was irrelevant due to the many changes that have occurred which made it virtually impossible to determine what the budget numbers would be at the end of Fiscal Year 2019-2020. He noted that the Police Department had done a great job hiring police officers, but as a result were fully staffed, and in the past had realized savings due to vacancies. He noted that a recent UCLA revised financial forecast for the country, California specifically, and were calling for a recession through September 2020 which would have an immediate adverse impact to sales tax revenues. He stated that the largest expense for the City was personnel and any solution would be to address the number of personnel.

Councilmember/Director Shaw left the dais at 8:10 p.m. He returned at 8:12 p.m.
