

CERVETTO HOUSING PROJECT

1001 E. WHITTIER BLVD

LA HABRA, CALIFORNIA

PROJECT DETAILS

Cervetto offers 32 new single-family homes in a gated community with up to approximately 2,674 square feet, up to five bedrooms, three bathrooms, and a beautifully-crafted Monterey and Cottage architectural style exteriors. A total of 84,203 square feet of land area will be devoted to open space which includes landscaping along the site's perimeter, common areas (including the tot-lot), and private yard areas. The common open space will total approximately 37,687 square feet, the tot-lot will total approximately 4,278 square feet, and the open space included in private yards will total approximately 42,238 square feet. This area is developed with mature trees and landscaping and will be augmented with 13 new trees including Coastal Redwood and White alders and additional ground cover.

PROJECT COMPLETION | FALL 2016
