Dear Resident:

A water main replacement is scheduled to begin shortly in your neighborhood. During the construction the roads will be closed between 7AM and 4PM and will be posted 48 hours in advance. Roadway closures will be phased in a manner that will allow you to park on a neighboring street and walk to your residence during construction hours. If you are impacted by the roadway closure and need to park your vehicle on the street, please park **WITHIN** the **red outline** shown on the image below. Red outlined area below **WILL NOT** issue overnight parking tickets and street sweeping tickets until construction of the water main improvements are completed; ticketing will resume immediately after completion of construction. Thank you for your cooperation and patience during this project. If you have any issues or concerns, please contact the Resident Hotline at (562) 463-4464.
